[Objective Key Teacher's Book with Teacher's Resources Audio CD/CD-ROM](#) Sep 22 2021 Objective Key offers students complete, official preparation for the Cambridge English: Key (KET) exam. This is a revised and updated edition of Objective KET. Short units offer a variety of lively topics while providing training in exam skills and solid language development. The Teacher's Book contains teaching notes, extra teaching ideas to extend or shorten the length of the activities and clear, comprehensive answer keys. The Teacher's Resources Audio CD/CD-ROM contains: two complete practice tests with audio, 10 progress tests and photocopiable classroom activities. Also on the CD-ROM are the answers and recording scripts for the For Schools Pack Practice Test Booklet which is available separately.

[Animal Strike at the Zoo. It's True!](#) Jul 21 2021 There's an animal strike at the zoo! oh no, oh my! What's a zookeeper to do when the lions and tigers and bears refuse to roar and prowl and growl? And when little Sue, who has been waiting all year for this trip to the zoo, enters the gate, will the animals decide to give their strike a break? Karma Wilson's fun, playful text paired with Margaret Spengler's bright and lively pastels create an

unforgettable, irresistible zoo of chaos and fun!

Make Animal Sculptures with Paper Mache Clay Aug 29 2019 If you've always wanted to create life-like animal sculptures, but you thought it would be "too hard" or "too expensive," you're in for a very pleasant surprise. This book contains step-by-step instructions and over 250 photos to guide you through the enjoyable process of making realistic animal sculptures in a whole new way. Jonni Good's easy techniques help you create stunning wildlife art without the mess usually associated with papier mache - and the patterns included in each chapter guarantee that your sculptures will be perfectly shaped and proportioned from the very start. Paper mache clay takes about 5 minutes to make, using inexpensive ingredients. Applying the clay to your form is as easy as frosting a cake. It goes on smooth, and dries hard and strong. It's easy to form life-like details like eyes and noses, fur and scales. Then finish your sculptures with acrylic paints to bring them to life. Jonni even shows you how to create your own patterns from original drawings or photos, so you can use her techniques to sculpt any animal you like. Creating life-like animal sculptures has never been so easy, or so much fun!

Order yours now!

Animal Farm Dec 26 2021 All animals are equal but some animals are more equal than others. It's just an ordinary farm - until the animals revolt. They get rid of the irresponsible farmer. The other animals are sure that life is improving, but as systems are replaced and half-truths are retold, a new hierarchy emerges . . . Orwell's tale of propaganda, power and greed has never felt more pertinent. With an exciting new cover and inside illustrations by superstar Chris Mould.

What If You Had Animal Teeth? Jul 01 2022 If you could have any animal's front teeth, whose would you choose? WHAT IF YOU HAD ANIMAL TEETH? takes children on a fun, informative, and imaginative journey as they explore what it would be like if their own front teeth were replaced by those of a different animal. Featuring a dozen animals (beaver, great white shark, narwhal, elephant, rattlesnake, naked mole rat, hippopotamus, crocodile,

and more), this book explores how different teeth are especially adapted for an animal's survival. At the end of the book, children will discover why their own teeth are just right for them. And they'll also get a friendly reminder to take good care of their teeth, because they're the only teeth they'll ever have. Each spread features a photograph of the animal using its specialized teeth on the left and a humorous illustrated image of a child using that animal's teeth on the right.

The Nature of the Page Jun 19 2021 An innovative study of books and reading that focuses on papermaking in the Renaissance In *The Nature of the Page*, Joshua Calhoun tells the story of handmade paper in Renaissance England and beyond. For most of the history of printing, paper was made primarily from recycled rags, so this is a story about using old clothes to tell new stories, about plants used to make clothes, and about plants that frustrated papermakers' best attempts to replace scarce natural resources with abundant ones. Because plants, like humans, are susceptible to the ravages of time, it is also a story of corruption and the hope that we can preserve the things we love from decay. Combining environmental and bibliographical research with deft literary analysis, Calhoun reveals how much we have left to discover in familiar texts. He describes the transformation of plant material into a sheet of paper, details how ecological availability or scarcity influenced literary output in the sixteenth and seventeenth centuries, and examines the impact of the various colors and qualities of paper on early modern reading practices. Through a discussion of sizing—the mixture used to coat the surface of paper so that ink would not blot into its fibers—he reveals a surprising textual interaction between animals and readers. He shows how we might read an indistinct stain on the page of an early modern book to better understand the mixed media surfaces on which readers, writers, and printers recorded and revised history. Lastly, Calhoun considers how early modern writers imagined paper decay and how modern scholars grapple with biodeterioration today. Exploring the poetic interplay between human ideas and the plant, animal, and mineral forms through which they are mediated, *The Nature of the Page* prompts readers to reconsider the role of the natural world in everything from old books to new smartphones.
