Woman in the Wild Nov 28 2019 Few experiences rival a grand outdoor adventure. Hiking into the wilderness, camping under the stars, and exploring the backcountry offer new challenges that awaken a woman's spirit and test her soul. *Woman in the Wild: The Every Woman's Guide to Hiking, Camping, and Backcountry Travel* is the perfect companion for any woman looking to get into the backcountry lifestyle or level up her current active outdoor life. Adventurer and guidebook author Susan Joy Paul provides real instruction for women of all ages and skill levels, from beginners to intermediate hikers and experienced mountaineers. She shares details gleaned from two decades of training and real-world experience, bringing together everything a woman needs to know to be safe, independent, and self-reliant at camp and on the trail. Five sections and twenty-five chapters cover hiking, camping, and backcountry travel from the basics to advanced skills. *Backcountry Essentials: Learn what to wear, how to pack, and where to find hiking partners for your outdoor adventures* *You in the Wilderness: What every woman needs to know about nutrition, first aid, and personal care to stay healthy on the trail* *Pushing Off: Backcountry knowledge and skills around land navigation, terrain, and weather take your travels to the next level* *Reaching New Heights: Beyond the basics, understand how training, setting goals, and engaging strategies for success add a new and exciting dimension to your outdoor life* *Next Steps: Leave the flatlanders and fair-weather hikers behind with an introduction to high altitude mountaineering, winter camping, glacier travel, and more* *The backcountry beckons, and women want to go. With Woman in the Wild, they can!*

Edd Roush Jun 15 2021 This biography of Edd Roush, Indiana-born deadball batting king, centers on the events of the 1919 Black Sox World series but covers his life in full. Roush earned two National League batting titles and entered the Baseball Hall of Fame in 1962. The work contains interviews with Roush and photographs, many from the Roush family collection.

[Create a Winning Team](#) Feb 09 2021 As a team leader, do you believe you can make a real difference to the performance of your team? If you do, *Create a Winning Team* will help you do just that. This book is a practical and commonsense guide to successful team working. It focuses on the skills that team leaders need to develop to work together effectively - unlike most books about team work, which focus on team building events and games, not the practical day to day challenges of getting great results. With a straightforward, down to earth, no nonsense style avoiding unnecessary jargon and using concrete examples and case studies from young, high performing junior managers working in an international environment, the author covers the often practical actions a team leader can do that really make a difference and which you're unlikely to learn on a leadership course, like pitching in now and again and making people tea! The content is built around a logical structure consisting of a set of questions e.g. What do teams do? How will your team succeed? How do you create a balanced team? The chapter headings themselves tell a clear story and stimulate the reader to continue.

Listen. Write. Present. Jan 29 2020 Even the best ideas have little value if they are not explained clearly, concisely, and convincingly to others. Scientists, engineers, health care professionals, and technology specialists become leaders in their fields not just by way of discovery, but by communication. In this essential book, two seasoned communication consultants offer specific, focused advice to help professionals develop, improve, and polish their interpersonal communication, writing, and presentation skills. The authors explain exactly how to manage multiple projects and interactions, collaborate with colleagues and others, gain support for ideas through presentations and proposals, and much more.

Interstate 69 Apr 25 2022 Interstate 69 is an enlightening journey through the heart of America. With this epic tale of one vast and controversial road project, Matt Dellinger brings to life the country's complex political, social, and economic landscape. The 1,400-mile extension of I-69 south from Indianapolis, if completed, will connect Canada to Mexico through Michigan, Indiana, Kentucky, Tennessee, Mississippi, Arkansas, Louisiana, and Texas. This so-called NAFTA highway has been in development for two decades, and while segments are under construction today, others may never be built. Eagerly anticipated by many as an economic godsend, I-69 has also been opposed by environmentalists, farmers, ranchers, anarchists, and others who question both the wisdom of building more highways and the merits of globalization. Part history, part travelogue, *Interstate 69* reveals the surprising story of how this extraordinary undertaking began, introduces us to the array of individuals who have worked tirelessly for years to build the road—or to stop it—and guides us through the many places the highway would transform forever: from sprawling cities like Indianapolis, Houston, and Memphis to the small rural towns of the Midwestern rust belt, the Mississippi Delta, and South Texas. In an era when bridges fall, levies fail, and states lease their toll roads to foreign-owned corporations, Americans are realizing the central importance of infrastructure, how it affects our standard of living and quality of life and how it determines which places prosper and which places fade. This book illustrates vividly that the story of transportation is indeed the story of America—and that story continues. Matt Dellinger connects these dots with an absorbingly human, on-the-ground examination of our country's struggle with development. *Interstate 69* captures the hopes, dreams, and fears surrounding what we build and what we leave behind.

[Where the Wild Things Were](#) Jan 11 2021 What did we do once we knew? This book is written for both children and adults to entertain and educate. Join storytime as Grandma recounts her adventures with an alphabet of wild animals to her granddaughter, Little Dove. But with species loss accelerating at an alarming rate, will there be any creatures left for Little Dove to play with? We have solutions that can make a difference. Working together, we can step up to our responsibility to protect what we still can in this magical, more-than-human world. Then we can have hope that instead of talking about where the wild things were we can speak to our children and grandchildren about where the wild things are.

Descendants of George and Jacob Dellinger Jun 03 2020 George Dellinger (1756-1833) married Mary McKinny in 1803 and had at least one son. His brother, Jacob (1768-1837), married Fannie Wills and had ten children. The families lived in Cherryville, North Carolina. Descendants and relatives lived in North Carolina, Maryland, Illinois, Texas and elsewhere.

Fast Track to the Top Aug 30 2022 *Fast Track to the Top* guides you through practical programmes based on the 10 Key Skills common to successful people, enabling you to profile your personal skills, assess your potential and learn how to achieve your goals.

Red Legs and Black Sox Dec 02 2022 The 1919 World Series is baseball's black eye, resulting in eight members of the White Sox being banned from the game for life for intentionally losing the series. Moviegoers recognize Shoeless Joe Jackson, the slugging outfielder for the Sox, from such popular films as *Eight Men Out* and *Field of Dreams*. And most baseball aficionados have seen photos of the grim-faced baseball commissioner who banned the offending players from the game. But there is another side to the story, revealed for the first time in *Red Legs and Black Sox*. Author Susan Dellinger focuses on the series from the Cincinnati Reds' perspective, as told by her grandfather, Edd Roush, star player of the 1919 Reds. This is a story that is far more complicated than previous movies and books have alluded to, involving fixes on both teams -- and corruption right down to the leagues themselves.

Communicating Beyond Our Differences Nov 01 2022

Encyclopedia of Lifestyle Medicine and Health Oct 27 2019 These three volumes sort out the science behind nightly news reports and magazine cover stories, and help define the interdisciplinary field of lifestyle medicine and health.

Beloved May 03 2020 Winner of the Pulitzer Prize, Toni Morrison's *Beloved* is a spellbinding and dazzlingly innovative portrait of a woman haunted by the past. Sethe was born a slave and escaped to Ohio, but eighteen years later she is still not free. She has borne the unthinkable and not gone mad, yet she is still held captive by memories of Sweet Home, the beautiful farm where so many hideous things happened. Meanwhile Sethe's house has long been troubled by the angry, destructive ghost of her baby, who died nameless and whose tombstone is engraved with a single word: *Beloved*. Sethe works at beating back the past, but it makes itself heard and felt incessantly in her memory and in the lives of those around her. When a mysterious teenage girl arrives, calling herself *Beloved*, Sethe's terrible secret explodes into the present. Combining the visionary power of legend with the unassailable truth of history, Morrison's unforgettable novel is one of the great and enduring works of American literature.

Blessings and Prayers for Caregivers Feb 21 2022 This book provides encouragement for the realities of daily care giving challenges. Through brief Gospel-focused readings and Scripture verses, this small book offers refreshment and renewal for the exhausted caregiver. Each reading focuses on Jesus as the source of our hope and strength.

360 Degrees of Reading Nov 20 2021 What do Richard Dawkins, Jackie Robinson, and St Teresa have in common? .They all can be found in this book! 360 of Reading is a literature reference guide for high school students. It makes a great stocking stuffer at Christmas, or 'end of school year' gift for that special student. Any student who wants to read great literature will benefit from this book. It has reference pages for 360 books that cover novels, drama, poetry, and a broad range of non-fiction. Each reference page includes bibliographic information, a descriptive note, keywords and more. Furthermore, the books are indexed by author, country of origin, date of first publication, and keywords. It also has an appendix listing an additional forty titles. Twenty-four books by Pulitzer Prize winners and twenty-six books by Nobel Prize in Literature winners are among the works listed in this reference guide."

This Is Paradise May 27 2022 Elegant, brutal, and profound—this magnificent debut captures the grit and glory of modern Hawai'i with breathtaking force and accuracy. In a stunning collection that announces the arrival of an incredible talent, Kristiana Kahakauwila travels the islands of Hawai'i, making the fabled place her own. Exploring the deep tensions between local and tourist, tradition and expectation, façade and authentic self, *This Is Paradise* provides an unforgettable portrait of life as it's truly being lived on Maui, Oahu, Kaua'i and the Big Island. In the gut-punch of "Wanle," a beautiful and tough young woman wants nothing more than to follow in her father's footsteps as a legendary cockfighter. With striking versatility, the title story employs a chorus of voices—the women of Waikiki—to tell the tale of a young tourist drawn to the darker side of the city's nightlife. "The Old Paniolo Way" limns the difficult nature of legacy and inheritance when a patriarch tries to settle the affairs of his farm before his death. Exquisitely written and bursting with sharply observed detail, Kahakauwila's stories remind us of the powerful desire to belong, to put down roots, and to have a place to call home.

Advances in Databases and Information Systems Aug 06 2020 This book constitutes the thoroughly refereed past-workshop proceedings of the Associated Workshops and the Doctoral Consortium held as satellite events of ADBIS 2009, the 13th East European Conference on Advances in Databases and Information Systems in Riga, Latvia, in September 2009.

Farming for the Long Haul Dec 30 2019 Farming in the ruins of the twentieth century -- A short, unhappy history of business advice for farmers -- Subsistence first! -- Land for the tiller -- Soil, civilization, and resilient farmers through the centuries -- Resourceful farmers -- Woodlands and wastes -- It takes a village: leisure, community, and resilience -- Getting a living, forging a livelihood -- Farmer, citizen, survivor: politics and resilience

Computational Intelligence in Business and Economics Mar 13 2021 This book provides some of the most recent developments in Computational Intelligence applied to business and economics presented at the MS'10 International Conference, Barcelona, 15 17 July, 2010. It presents several new theoretical advancements and a wide range of applications in different business and economic areas including accounting, finance, management, marketing, sports, tourism, economics and politics, and also some applications related with engineering and modeling and simulation. This book is very useful for researchers and graduate students interested in pursuing research in business and economics with an orientation to modern techniques for dealing with uncertainty such as those related with modeling and simulation and computational intelligence.

Intelligent Computing Paradigm and Cutting-edge Technologies Apr 13 2021 This book aims to bring together Researchers, Scientists, Engineers, Scholars and Students in the areas of computer engineering and information technology, and provides a forum for the dissemination of original research results, new ideas, Research and development, practical experiments, which concentrate on both theory and practices, for the benefit of the society. The book also provides a premier interdisciplinary platform for researchers, practitioners and educators to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of Computer Science and Information Technology in the context of Distributed computing, Big data, High performance computing, Internet-of-Things, and digital pedagogy. It is becoming increasingly important to develop adaptive, intelligent computing-centric, energy-aware, secure and privacy-aware mechanisms in high performance computing and IoT applications. This book aspires to convey researchers' experiences, to present excellent result analysis, future scopes, and challenges facing the field of computer science, information technology, telecommunication, and digital pedagogy. This book aims to attract researchers and practitioners who are working in Information Technology and Computer Science. This book is about basics and high level concepts regarding intelligent computing paradigm, communications, and digital learning process. The book serves as a useful guide for Undergraduates, Postgraduates and Research Scholar in the field of Computer Science, Information Technology, and Electronics Engineering. We believe that this volume not only presents novel and interesting ideas but also will stimulate interesting discussions from the participants and inspire new ideas.

Just My Type Sep 06 2020 Personality tests have become increasingly popular in the digital age. Examine a wide variety of online personality assessments, and learn how to distinguish useful applications from biased typecasting.

Neurofeedback Mar 25 2022 Neurofeedback: The First Fifty Years features broadly recognized pioneers in the field sharing their views and contributions on the history of neurofeedback. With some of the pioneers of neurofeedback already passed on or aging, this book brings together the monumental contributions of renowned researchers and practitioners in an unprecedented, comprehensive volume. With the rapid and exciting advances in this dynamic field, this information is critical for neuroscientists, neurologists, neurophysiologists, cognitive and developmental psychologists and other practitioners, providing a clear presentation of the frontiers of this exciting and medically important area of physiology. Contains chapters that are individually authored by pioneers or well-known persons presently active in the neurofeedback field Provides personal and historical perspectives regarding important past and present developments and future needs Enables each author to discuss his or her unique contributions to the field Includes chapters noting the contributions of deceased neurofeedback pioneers

Love Letter to the Milky Way Oct 08 2020 A small book of very big poems. Drew Dellinger's poetry reaches out to the far ends of the Milky Way and to the inner depths of the soul. His poetry and performances have captivated thousands across six continents. He is, in the words of Cornell West, "one of the most creative, courageous and prophetic poets of his generation." This power of his poetry is tied to his passion for ecological survival and social justice movements. The Rev. Osagyefo Sekou calls Dellinger "the poet laureate of the global justice democracy movement." it's 3:23 in the morning and I'm awake because my great great grandchildren won't let me sleep my great great grandchildren ask me in my dreams what did you do while the planet was plundered? what did you do when the earth was unraveling? from the poem "hieroglyphic stairway" read on the floor of Congress during climate change hearings

Current Housing Reports Jul 17 2021

The Chronicles and Genealogy of the Jacob Dellinger Family of York County, PA Apr 01 2020 Jacob Dellinger was born about 1700. He married Maria Barbara. Their children included Frederick, Johan, Jacob, Joseph, Maria, Johannes and Anna. They moved to York County, Pennsylvania in the early 1730s.

The Wrong Man Out Jun 27 2022 This book looks at the 1919 World Series with emphasis on Shoeless Joe Jackson in an attempt to determine his role in the "Big Fix". It also looks into Charles Comiskey and Judge Landis. The final chapter compiles the information into a fictitious trial of Joe Jackson and puts Comiskey, Landis, and Major League Baseball under the microscope. The reader is part of the jury and is encouraged to listen to the testimony and submit his/her verdict to Major League Baseball.
