The Sumner family can read the signs: the droughts and floods, the blighted crops, the shortages, the rampant diseases and plagues, and, above all, the increasing sterility all point to one thing. Their isolated farm in the Appalachian Mountains gives them the ideal place to survive the coming breakdown, and their wealth and know-how gives them the means. Men and women must clone themselves for humanity to survive. But what then? Spider is gaunt, threadbare, unnerved by everything from his landlady to the smell of gas. He tells us his story in a storm of beautiful

language that slowly reveals itself as a fiendishly layered construction of truth and illusion. With echoes of Beckett, Poe, and Paul Bowles, *Spider* is a tale of horror and madness, storytelling and skepticism, a novel whose dizzying style lays bare the deepest layers of subconscious terror. It is the late twenty-first century, and *Momo* is the most celebrated dermal care technician in all of T City. Humanity has migrated to domes at the bottom of the sea to escape devastating climate change. The world is dominated by powerful media conglomerates and runs on exploited cyborg labor. *Momo* prefers to keep to herself, and anyway she's too busy for other relationships: her clients include some of the city's best-known media personalities. But after meeting her estranged mother, she begins to explore her true identity, a journey that leads to questioning the bounds of gender, memory, self, and reality. First published in Taiwan in 1995, *The Membranes* is a classic of

queer speculative fiction in Chinese. Chi Ta-wei weaves dystopian tropes—heirloom animals, radiation-proof combat drones, sinister surveillance technologies—into a sensitive portrait of one young woman's quest for self-understanding. Predicting everything from fitness tracking to social media saturation, this visionary and sublime novel stands out for its queer and trans themes. *The Membranes* reveals the diversity and originality of contemporary speculative fiction in Chinese, exploring gender and sexuality, technological domination, and regimes of capital, all while applying an unflinching self-reflexivity to the reader's own role. Ari Larissa Heinrich's translation brings Chi's hybrid punk sensibility to all readers interested in books that test the limits of where speculative fiction can go. *Maud* is an irascible 88-year-old Swedish woman with no family, no friends, and... no qualms about a little murder. This funny, irreverent story collection by

Helene Tursten, author of the Irene Huss investigations, features two-never-before translated stories that will keep you laughing all the way to the retirement home. Ever since her darling father's untimely death when she was only eighteen, Maud has lived in the family's spacious apartment in downtown Gothenburg rent-free, thanks to a minor clause in a hastily negotiated contract. That was how Maud learned that good things can come from tragedy. Now in her late eighties, Maud contents herself with traveling the world and surfing the net from the comfort of her father's ancient armchair. It's a solitary existence, and she likes it that way. Over the course of her adventures—or misadventures—this little bold lady will handle a crisis with a local celebrity who has her eyes on Maud's apartment, foil the engagement of her long-ago lover, and dispose of some pesky neighbors. But when the local authorities are called to investigate a dead body found in Maud's apartment, will

Maud finally become a suspect? As the global population ages, disability demographics are shifting. Societal transformation and global health inequities have changed who is likely to reach old age, who is likely to live with disability, and the relationship between aging and disability in various socio-cultural and geopolitical contexts. The Aging-Disability Nexus breaks new ground by bringing gerontology and disability studies into dialogue. This thoughtful examination of competing narratives about disability and aging explores the distinction between aging with a disability and aging into disability, revealing how multiple identities, socio-economic forces, culture, and community give form to our experiences. NOW A MAJOR MOTION PICTURE • Set in the near-future, *Into the Forest* is a powerfully imagined novel that focuses on the relationship between two teenage sisters living alone in their Northern California forest home. Over 30 miles from the nearest town,

and several miles away from their nearest neighbor, Nell and Eva struggle to survive as society begins to decay and collapse around them. No single event precedes society's fall. There is talk of a war overseas and upheaval in Congress, but it still comes as a shock when the electricity runs out and gas is nowhere to be found. The sisters consume the resources left in the house, waiting for the power to return. Their arrival into adulthood, however, forces them to reexamine their place in the world and their relationship to the land and each other. Reminiscent of Margaret Atwood's *A Handmaid's Tale*, *Into the Forest* is a mesmerizing and thought-provoking novel of hope and despair set in a frighteningly plausible near-future America. Praise for *Into the Forest* "[A] beautifully written and often profoundly moving novel."—San Francisco Chronicle "A work of extraordinary power, insight and lyricism, *Into the Forest* is both an urgent warning and a

passionate celebration of life and love."—Riane Eisler, author of *The Chalice and the Blade* "From the first page, the sense of crisis and the lucid, honest voice of the . . . narrator pull the reader in. . . . A truly admirable addition to a genre defined by the very high standards of George Orwell's 1984."—Publishers Weekly (starred review) "Beautifully written."—Kirkus Reviews "This beautifully written story captures the essential nature of the sister bond: the fierce struggle to be true to one's own self, only to learn that true strength comes from what they are able to share together."—Carol Saline, co-author of *Sisters* "Jean Hegland's sense of character is firm, warm, and wise. . . . [A] fine first novel."—John Keeble, author of *Yellowfish* THE NATIONAL BESTSELLER • ONE OF ENTERTAINMENT WEEKLY'S AND SHEREADS' BOOKS TO READ AFTER THE HANDMAID'S TALE "[An] electrifying debut."—O, The Oprah Magazine "The real-life parallels will make you

shiver.”—Cosmopolitan Set in a United States in which half the population has been silenced, Vox is the harrowing, unforgettable story of what one woman will do to protect herself and her daughter. On the day the government decrees that women are no longer allowed more than one hundred words per day, Dr. Jean McClellan is in denial. This can't happen here. Not in America. Not to her. Soon women are not permitted to hold jobs. Girls are not taught to read or write. Females no longer have a voice. Before, the average person spoke sixteen thousand words each day, but now women have only one hundred to make themselves heard. For herself, her daughter, and every woman silenced, Jean will reclaim her voice. This is just the beginning...not the end. One of Good Morning America's "Best Books to Bring to the Beach This Summer" One of PopSugar, Refinery29, Entertainment Weekly, Bustle, Real Simple, i09, and Amazon's Best Books to Read in August

2018 WINNER OF THE 2021 AMERICAN BOOK FEST BEST BOOK AWARD Fans of Caroline Leavitt will relish this rich, complex novel born of the author's own loss and grief, about how one can overcome tragedy through bravery and self-discovery. Cassidy Morgan's life has always followed a carefully laid track: top education, fulfilling career, and marriage to the love of her life, Owen. The next logical step was starting a family. But when a late-term miscarriage threatens to derail everything she's worked so hard for, she finds herself questioning her identity, particularly what it means to be a mother. Unable to move past her guilt and shame, she realizes there's more to fix than a broken heart. Grief illuminates the weaknesses in her marriage and forces her to deal with her tumultuous relationship with her own mother. Cassidy hopes her work as a veterinarian specializing in equine reproduction will distract her from the pain but instead finds that one of the cases she's

working on shines a spotlight on the memory of her unborn son. For once in her life, Cassidy is left untethered and wondering why she wanted to become a mother in the first place. Then the unexpected happens when Cassidy becomes pregnant again. But the joy over her baby is tempered by her fear of another loss as well as her increasingly troubled marriage. Now, she must decide whether to let her pain hold her back or trust that there's still something to live for. *What We Carry* is a thought-provoking response to the author's own miscarriage and lack of fiction surrounding the topic, that she and other women in her situation crave. In Boston in 1764, the sudden death of revolutionary leader Samuel Bradstreet causes Scottish portrait painter Stewart Jameson and his apprentice Francis Weston—who is really a fallen woman from an elite family disguised as a boy—to search for the truth “If anyone is going to explore a future version of our high-tech,

internet-obsessed culture, please let it be Megan Angelo. *Followers* is pure gold.” —Abbi Jacobson, bestselling author and cocreator of *Broad City* “An intricate and brave story of friendship, ambition, and love and the lengths people will go to protect it all.” —Booklist, *\*starred review\** “Spectacular... the tale skillfully builds to a terrifyingly believable climax...Angelo delivers a strong, consistently fascinating debut.” —Publishers Weekly, *\*starred review\** “Endless clever details and suspenseful plotting make this speculative-fiction debut an addictive treat.” —Kirkus Reviews, *\*starred review\** An electrifying story of two ambitious friends, the dark choices they make and the stunning moment that changes the world as we know it forever Orla Cadden is a budding novelist stuck in a dead-end job, writing clickbait about movie-star hookups and influencer yoga moves. Then Orla meets Floss—a striving, wannabe A-lister—who comes up with a plan for launching

them both into the high-profile lives they dream about. So what if Orla and Floss's methods are a little shady—and sometimes people get hurt? Their legions of followers can't be wrong. Thirty-five years later, in a closed California village where government-appointed celebrities live every moment of the day on camera, a woman named Marlow discovers a shattering secret about her past. Despite her massive popularity—twelve million loyal followers—Marlow dreams of fleeing the corporate sponsors who would do anything to keep her on-screen. When she learns that her whole family history is based on a lie, Marlow finally summons the courage to run in search of the truth, no matter the risks. Followers traces the paths of Orla, Floss and Marlow as they wind through time toward each other, and toward a cataclysmic event that sends America into lasting upheaval. At turns wry and tender, bleak and hopeful, this darkly funny story reminds us that even if we obsess over famous people

we'll never meet, what we really crave is genuine human connection. In this perceptive retelling of *The Iliad*, a young Greek teacher draws on the enduring power of myth to help her students cope with the terrors of Nazi occupation. Bombs fall over a Greek village during World War II, and a teacher takes her students to a cave for shelter. There she tells them about another war—when the Greeks besieged Troy. Day after day, she recounts how the Greeks suffer from thirst, heat, and homesickness, and how the opponents meet—army against army, man against man. Helmets are cleaved, heads fly, blood flows. And everything had begun when Prince Paris of Troy fell in love with King Menelaus of Sparta's wife, the beautiful Helen, and escaped with her to his homeland. Now Helen stands atop the city walls to witness the horrors set in motion by her flight. When her current and former loves face each other in battle, she knows that, whatever happens, she will be losing. Theodor Kallifatides provides

remarkable psychological insight in his version of The Iliad, downplaying the role of the gods and delving into the mindsets of its mortal heroes. Homer's epic comes to life with a renewed urgency that allows us to experience events as though firsthand, and reveals timeless truths about the senselessness of war and what it means to be human. Folding and refolding origami frogs, extracting the symmetrical veins from leaves, retreating to an imaginary world in his closet: after Teresa walked out the door one July afternoon in 1994, her son filled the void she left with a series of unusual rituals. Twenty-three years later, he lies in bed, reconstructing the events surrounding his mother's disappearance. Did she actually join the Zapatistas in the jungles of Chiapas, as he was led to believe? He dissects his memories of that fateful summer until a startling discovery shatters his conception of his family's story. Daniel Saldaña París (*Among Strange Victims*) returns with

an emotionally rich anti-coming-of-age novel that wrestles with the inherited privileges and crimes of masculinity. In the wake of a tragedy and fueled by guilt from a secret she's kept for years, a woman discovers how delicate the thread that binds family is in this powerful novel by Lyn Liao Butler. Two days before Tam and Tony Kwan receive their letter of acceptance for the son they are adopting from China, Tony and his estranged cousin Mia are killed unexpectedly in an accident. A shell-shocked Tam learns she is named the guardian to Mia's five-year-old daughter, Angela. With no other family around, Tam has no choice but to agree to take in the girl she hasn't seen since the child was an infant. Overwhelmed by her life suddenly being upended, Tam must also decide if she will complete the adoption on her own and bring home the son waiting for her in a Chinese orphanage. But when a long-concealed secret comes to light just as she and Angela start to

bond, their fragile family is threatened. As Tam begins to unravel the events of Tony and Mia's past in China, she discovers the true meaning of love and the threads that bind her to the family she is fated to have. In 1983, at the age of thirty, dissident artist Ma Jian finds himself divorced by his wife, separated from his daughter, betrayed by his girlfriend, facing arrest for "Spiritual Pollution," and severely disillusioned with the confines of life in Beijing. So with little more than a change of clothes and two bars of soap, Ma takes off to immerse himself in the remotest parts of China. His journey would last three years and take him through smog-choked cities and mountain villages, from scenes of barbarity to havens of tranquility. Remarkably written and subtly moving, the result is an insight into the teeming contradictions of China that only a man who was both insider and outsider in his own country could have written. About Trees considers our relationship with language,

landscape, perception, and memory in the Anthropocene. The book includes texts and artwork by a stellar line up of contributors including Jorge Luis Borges, Andrea Bowers, Ursula K. Le Guin, Ada Lovelace and dozens of others. Holten was artist in residence at Buro BDP. While working on the book she created an alphabet and used it to make a new typeface called Trees. She also made a series of limited edition offset prints based on her Tree Drawings. Introducing a major new voice in Brazilian letters. Set among a Lebanese immigrant community in the Brazilian port of Manaus, The Brothers is the story of identical twins, Yaqub and Omar, whose mutual jealousy is offset only by their love for their mother. But it is Omar who is the object of Zana's Jocasta-like passion, while her husband, Halim, feels her slipping away from him, as their beautiful daughter, RGNia, makes a tragic claim on her brothers' affection. Vivid, exotic, and lushly atmospheric, The Brothers is the story of a

family's disintegration, of a changing city and the culture clash between the native-born inhabitants and a new immigrant group, and of the future the next generation will make from the ruins. On a hot July morning on Sweden's idyllic vacation island of Sandhamn, a man takes his dog for a walk and makes a gruesome discovery: a body, tangled in fishing net, has washed ashore. Police detective Thomas Andreasson is the first to arrive on the scene. Before long, he has identified the deceased as Krister Berggren, a bachelor from the mainland who has been missing for months. All signs point to an accident--until another brutalized corpse is found at the local bed-and-breakfast. But this time it is Berggren's cousin, whom Thomas interviewed in Stockholm just days before. As the island's residents reel from the news, Thomas turns to his childhood friend, local lawyer Nora Linde. Together, they attempt to unravel the riddles left behind by these two

mysterious outsiders--while trying to make sense of the difficult twists their own lives have taken since the shared summer days of their youth. \*BELLETRIST'S AUGUST 2020 BOOK PICK\* "[Mackintosh's] writing is clear and sharp, with piercing moments of wisdom and insight that drive toward a pitch-perfect ending...Blue Ticket adds something new to the dystopian tradition set by Orwell's 1984 or Atwood's The Handmaid's Tale." --New York Times Book Review From the author of the Man Booker Prize longlisted novel The Water Cure ("ingenious and incendiary"--The New Yorker) comes another mesmerizing, refracted vision of our society: What if the life you're given is the wrong one? Calla knows how the lottery works. Everyone does. On the day of your first bleed, you report to the station to learn what kind of woman you will be. A white ticket grants you marriage and children. A blue ticket grants you a career and freedom. You are relieved of the terrible burden of choice. And once

you've taken your ticket, there is no going back. But what if the life you're given is the wrong one? When Calla, a blue ticket woman, begins to question her fate, she must go on the run. But her survival will be dependent on the very qualities the lottery has taught her to question in herself and on the other women the system has pitted against her.

Pregnant and desperate, Calla must contend with whether or not the lottery knows her better than she knows herself and what that might mean for her child. An urgent inquiry into free will, social expectation, and the fraught space of motherhood, *Blue Ticket* is electrifying in its raw evocation of desire and riveting in its undeniable familiarity. A rewarding philosophical essay on memory, language, love, and the passage of time, from a Greek immigrant who became one of Sweden's most highly respected writers "Nobody should write after the age of seventy-five," a friend had said. At seventy-seven, struggling with the weight of writer's

block, Theodor Kallifatides makes the difficult decision to sell the Stockholm studio where he diligently worked for decades and retire. Unable to write, and yet unable to not write, he travels to his native Greece in the hope of rediscovering that lost fluidity of language. In this slim memoir, Kallifatides explores the interplay of meaningful living and meaningful work, and the timeless question of how to reconcile oneself to aging. But he also comments on worrying trends in contemporary Europe—from religious intolerance and prejudice against immigrants to housing crises and gentrification—and his sadness at the battered state of his beloved Greece. Kallifatides offers an eloquent, thought-provoking meditation on the writing life, and an author's place in a changing world. This "gorgeously written" National Book Award finalist is a dazzling, heart-rending story of an oil rig worker whose closest friend goes missing, plunging him into isolation and forcing

him to confront his past (NPR, One of the Best Books of the Year). One night aboard an oil drilling platform in the Atlantic, Waclaw returns to his cabin to find that his bunkmate and companion, Mátyás, has gone missing. A search of the rig confirms his fear that Mátyás has fallen into the sea. Grief-stricken, he embarks on an epic emotional and physical journey that takes him to Morocco, to Budapest and Mátyás's hometown in Hungary, to Malta, Italy, and finally to the mining town of his childhood in Germany. Waclaw's encounters along the way with other lost and yearning souls—Mátyás's angry, grieving half-sister; lonely rig workers on shore leave; a truck driver who watches the world change from his driver's seat—bring us closer to his origins while also revealing the problems of a globalized economy dependent on waning natural resources. *High as the Waters Rise* is a stirring exploration of male intimacy, the nature of memory and grief, and the cost of

freedom—the story of a man who stands at the margins of a society from which he has profited little, though its functioning depends on his labor. This modern classic of global feminist literature, the only novel by one of Romania's most heralded poets, styled as a long letter addressed to the man who is about to leave her, a woman meanders through a cosmic retelling of her life from childhood to adulthood with visionary language and visceral, detail. Like a contemporary Scheherazade, she spins tales to hold him captivated, from the small incidents of their lives together to the intimate narrative of her relationship to womanhood. Through a dreamlike thread of strange images and passing characters, her stories invite the reader into a fantastical vision of love, loss, and femininity. 'I liked *The Unit* very much... I know you will be riveted, as I was.' Margaret Atwood 'Echoing work by Marge Piercy and Margaret Atwood, *The Unit* is as thought-provoking as it is compulsively

readable.’ Jessica Crispin, NPR.org Ninni Holmqvist’s eerie dystopian novel envisions a society in the not-so-distant future where men and women deemed economically worthless are sent to a retirement community called the Unit. With lavish apartments set amongst beautiful gardens and state-of-the-art facilities, elaborate gourmet meals, and wonderful music and art, they are free of financial worries and want for nothing. It’s an idyllic place, but there’s a catch: the residents – known as dispensables – must donate their organs, one by one, until the final donation. When Dorrit Weger arrives at the Unit, she resigns herself to this fate, seeking only peace in her final days. But she soon falls in love, and this unexpected, improbable happiness throws the future into doubt. Clinical and haunting, *The Unit* is a modern-day classic and a spine-chilling cautionary tale about the value of human life. The first novel to be translated from Wolof to English, *Doomi*

*Golo—The Hidden Notebooks* is a masterful work that conveys the story of Nguirane Faye and his attempts to communicate with his grandson before he dies. With a narrative structure that beautifully imitates the movements of a musical piece, Diop relates Faye’s trauma of losing his only son, Assane Tall, which is compounded by his grandson Badou’s migration to an unknown destination. While Faye feels certain that his grandson will return one day, he also is convinced that he will no longer be alive by then. Faye spends his days sitting under a mango tree in the courtyard of his home, reminiscing and observing his surroundings. He speaks to Badou through his seven notebooks, six of which are revealed to the reader, while the seventh, the “Book of Secrets,” is highly confidential and reserved for Badou’s eyes only. In the absence of letters from Badou, the notebooks form the only possible means of communication between the two, carrying within them tunes and repetitions that give

this novel its unusual shape: loose and meandering on the one hand, coherent and tightly interwoven on the other. Translated by Vera Wülfiging-Leckie and El Hadji Moustapha Diop. In an alternate world in which Africans enslaved Europeans, Doris, an Englishwoman, is captured and taken to the New World, where the hardships she endures as a slave are offset by dreams of escape and home. The “fascinating” #1 New York Times bestseller that awakened the world to the destruction of American Indians in the nineteenth-century West (The Wall Street Journal). First published in 1970, *Bury My Heart at Wounded Knee* generated shockwaves with its frank and heartbreaking depiction of the systematic annihilation of American Indian tribes across the western frontier. In this nonfiction account, Dee Brown focuses on the betrayals, battles, and massacres suffered by American Indians between 1860 and 1890. He tells of the many tribes and their

renowned chiefs—from Geronimo to Red Cloud, Sitting Bull to Crazy Horse—who struggled to combat the destruction of their people and culture. Forcefully written and meticulously researched, *Bury My Heart at Wounded Knee* inspired a generation to take a second look at how the West was won. This ebook features an illustrated biography of Dee Brown including rare photos from the author’s personal collection. One day in early spring, Dorrit Weger is checked into the Second Reserve Bank Unit for biological material. She is promised a nicely furnished apartment inside the Unit, where she will make new friends, enjoy the state of the art recreation facilities, and live the few remaining days of her life in comfort with people who are just like her. Here, women over the age of fifty and men over sixty—single, childless, and without jobs in progressive industries—are sequestered for their final few years; they are considered outsiders. In the Unit they are

expected to contribute themselves for drug and psychological testing, and ultimately donate their organs, little by little, until the final donation. Despite the ruthless nature of this practice, the ethos of this near-future society and the Unit is to take care of others, and Dorrit finds herself living under very pleasant conditions: well-housed, well-fed, and well-attended. She is resigned to her fate and discovers her days there to be rather consoling and peaceful. But when she meets a man inside the Unit and falls in love, the extraordinary becomes a reality and life suddenly turns unbearable. Dorrit is faced with compliance or escape, and...well, then what? THE UNIT is a gripping exploration of a society in the throes of an experiment, in which the “dispensable” ones are convinced under gentle coercion of the importance of sacrificing for the “necessary” ones. Ninni Holmqvist has created a debut novel of humor, sorrow, and rage about

love, the close bonds of friendship, and about a cynical, utilitarian way of thinking disguised as care. From the Trade Paperback edition. One of PureWow’s 9 Books We Can’t Wait to Read in October! A chilling look into an alternate near future where a woman and her daughter seek refuge in a women-only colony, only to find that the safe haven they were hoping for is the most dangerous place they could be. Miranda Reynolds always thought she would rather die than live in Femlandia. But that was before the country sank into total economic collapse and her husband walked out in the harshest, most permanent way, leaving her and her sixteen-year-old daughter with nothing. The streets are full of looting, robbing, and killing, and Miranda and Emma no longer have much choice—either starve and risk getting murdered, or find safety. And so they set off to Femlandia, the women-only colony Miranda's mother, Win Somers, established decades ago. Although Win is no longer

in the spotlight, her protégé Jen Jones has taken Femlandia to new heights: The off-grid colonies are secluded, self-sufficient, and thriving—and Emma is instantly enchanted by this idea of a safe haven. But something is not right. There are no men allowed in the colony, but babies are being born—and they're all girls. Miranda discovers just how the all-women community is capable of enduring, and it leads her to question how far her mother went to create this perfect, thriving, horrifying society. From Huxley's *Brave New World*, to Orwell's *1984*, to Atwood's *The Handmaid's Tale*, dystopian books have always been an integral part of both science fiction and literature, and have influenced the broader culture discussion in unique and permanent ways. *Brave New Worlds* brings together the best dystopian fiction of the last 30 years, demonstrating the diversity that flourishes in this compelling subgenre. This landmark tome contains stories by Ursula K. Le Guin, Cory

Doctorow, M. Rickert, Paolo Bacigalupi, Orson Scott Card, Neil Gaiman, Ray Bradbury, and many others. Made into a powerful, award-winning film in 1970, this important Kannada novel of the sixties has received widespread acclaim from both critics and general readers since its first publication in 1965. As a religious novel about a decaying brahmin colony in the south Indian village of Karnataka, *Samskara* serves as an allegory rich in realistic detail, a contemporary reworking of ancient Hindu themes and myths, and a serious, poetic study of a religious man living in a community of priests gone to seed. A death which stands as the central event in the plot brings in its wake a plague, many more deaths, live questions with only dead answers, moral chaos, and the rebirth of one man. The volume provides a useful glossary of Hindu myths, customs, Indian names, flora, and other terms. Notes and an afterword enhance the self-contained,

faithful, and yet readable translation. This groundbreaking book chronicles the history of sickle cell anemia in the United States, tracing its transformation from an "invisible" malady to a powerful, yet contested, cultural symbol of African American pain and suffering. Set in Memphis, home of one of the nation's first sickle cell clinics, *Dying in the City of the Blues* reveals how the recognition, treatment, social understanding, and symbolism of the disease evolved in the twentieth century, shaped by the politics of race, region, health care, and biomedicine. Using medical journals, patients' accounts, black newspapers, blues lyrics, and many other sources, Keith Wailoo follows the disease and its sufferers from the early days of obscurity before sickle cell's "discovery" by Western medicine; through its rise to clinical, scientific, and social prominence in the 1950s; to its politicization in the 1970s and 1980s. Looking forward, he

considers the consequences of managed care on the politics of disease in the twenty-first century. A rich and multilayered narrative, *Dying in the City of the Blues* offers valuable new insight into the African American experience, the impact of race relations and ideologies on health care, and the politics of science, medicine, and disease. Creak... Crash... BOO! Shivering skeletons, ghostly pirates, chattering corpses, and haunted graveyards...all to chill your bones! Share these seven spine-tingling stories in a dark, dark room. Life is a lucrative business, as long as you play by the rules... Ambitious businesswoman Mae Yu runs Golden Oaks - a luxury retreat transforming the fertility industry. There, women get the very best of everything: organic meals, fitness trainers, daily massages and big money. Provided they dedicate themselves to producing the perfect baby. For someone else. Jane is a young immigrant in search of a better future. Stuck living in a cramped dorm

with her baby daughter and her shrewd aunt Ate, she sees an unmissable chance to change her life. But at what cost? Welcome to The Farm. 'The Handmaid's Tale of 2019' - Marie Claire 'Set to be one of the biggest books for 2019' - Stylist 'The debut to order now' - Sunday Times 'A firecracker of a novel' - Madeline Miller Chosen as a book of the summer by the Guardian, Telegraph, Evening Standard and Cosmopolitan Don't let her age fool you. Maud may be nearly ninety, but if you cross her, this elderly lady is more sinister than sweet. Just when things have finally cooled down for 88-year-old Maud after the disturbing discovery of a dead body in her apartment in Gothenburg, a couple of detectives return to her doorstep. Though Maud dodges their questions with the skill of an Olympic gymnast a fifth of her age, she wonders if suspicion has fallen on her, little old lady that she is. The truth is, ever since Maud was a girl, death has seemed to follow her. In these six

interlocking stories, memories of unfortunate incidents from Maud's past keep bubbling to the surface. Meanwhile, certain Problems in the present require immediate attention. Luckily, Maud is no stranger to taking matters into her own hands . . . even if it means she has to get a little blood on them in the process. \*Includes cookie recipes\* The tennis star recounts her life and athletic career, from childhood, through her athletic successes, to her life after professional tennis, and discusses the life lessons that she learned at every stage along the way. A gripping tale of guilty secrets, betrayal, and racial tension, of isolation and revenge in modern-day South Africa, from the Booker Prize—shortlisted author of The Good Doctor. When Adam moves into the abandoned house on the dusty edge of town, he is hoping to recover from the loss of his job and his home in the city. But when he meets Canning — a shadowy figure from his childhood — and Canning's enigmatic and beautiful wife, a

sinister new chapter in his life begins. Canning has inherited a vast fortune and a giant folly in the veld, a magical place of fantasy and dreams that seduces Adam and transforms him absolutely, violently — and perhaps forever. The Impostor evokes a hot and cruel and claustrophobic world, in which sex and death are never far from the surface. Skilfully interweaving the story of one man's struggle to regain his moral centre with the disorienting, often tragic effects of massive social and political change, it is Galgut's most powerful and unforgettable novel yet.

JENNIFER KNEW, AS well as you That everything has its place, But she just didn't care a whit, a bit, So her room was a real disgrace! Jennifer's mother has refused to touch Jennifer's messy room until after Christmas Day. Free to let her room go, Jennifer turns a blind eye to the fustiness, the dustiness, and the spider's webby empire up in the corner! Finally, one day, she can stand her own mess no longer, and

gets to work— on the big tidy-up!
