Una Cavan doesn't believe in ghosts. But ghosts seem to believe in her. At least, her father's ghost does, walking into and out of her life as casually as if he were entering and exiting a room. Una has always believed the Cavan women had the power of witches, and from the beaches of Connecticut to the bustle of New York City they've shared the special unbreakable bond of sisters. The school accountability movement's focus solely on improving standardized test scores is dehumanizing. There is no standardized child. In the rush to quantify, evaluate, and ostensibly improve the American educational system, we have forgotten that education is complicated. Any attempt to distill it into a simplistic measure will fall short - and will compromise the nobility of the work. How can teachers continue to do the incredibly challenging work of effective education in an environment that can be downright damaging? We can save the soul of education by resisting the dehumanization of students. Teachers can shield children by embracing social-emotional learning, building trust, and displaying compassion. There is no quick-fix to creating a nurturing relationship. There is no single data point that can measure it. Teachers must commit to being present, paying attention, maintaining consistency, engaging in hard work, practicing humility, and working together. Angels and

Superheroes provides specific, reproducible practices designed to help teachers cultivate trust and compassion, while managing the pressures of the testing movement. With time-proven theories and cutting-edge research, this book provides engaging examples, concrete strategies, and implementable resources to support teachers in bridging the divide between why they chose this career field - the children, and that which is currently being required of them - the test scores. Does a child you know see, hear or sense things that you cannot? Have you ever watched a baby laughing and giggling for no apparent reason? Are you concerned their imagination is running away with them; that their friends and yours might start thinking of them as odd? Relax. They just might be talking with Angels.

Angels really are everywhere and children are naturally receptive to their presence regardless of your beliefs. However if they don't know that Angels exist, the experience may be scary. *Angels, Angels, Everywhere* is a story and activity book that explains Angels and their interactions with us in simple terms that your child can understand. It allows you as the caregiver to discuss with your child, ages 2 to 8 years, how Angels are here to help them and love them. This book is a catalyst, through various activities, for you to interact with your child to gain a better understanding of what he/she is seeing, hearing and feeling. (With your encouragement, the more they understand their experiences, the less fear they will have.) After all, would anyone else make a better playmate for your child than their own special Angel? Whenever you need guidance from your angels, simply ask. Know that your angels are always listening and looking for an opportunity to send you a reminder that they are near.

### **Angel stories from the Bible – for kids**

2. The angel who barred the gates of Eden so Adam and Eve could never enter again
3. The angels who announced that Sara, Abraham's aged wife, would have a baby
4. The angels who tried to save Lot from destruction with the city of Sodom
5. The angel who stayed Abraham's hand as he was about to sacrifice his son Isaac

7. The angels who saved Sidrach, Misach, and Abdenago from the

fiery furnace

8. The angel Raphael, who shielded Tobias from death, and protected his wife Sara

10. The angel Gabriel, who foretold the birth of Jesus and John the Baptist
11. The choirs of angels who sang above Bethlehem when Jesus was born
12. The angel who carried food to Daniel when he was imprisoned in the lion's den

Use this book as a guide to decode the everyday messages that the spirit world transmits to you. "The word 'angel' means 'messenger' and the title poem of this book, 'Angels Everywhere,' presents the idea that what I often glimpse is a flicker of glancing light, as if a heavenly being is darting in and out of my viewing, allowing me entry into a realm beyond my physical, experiential world--brief revelatory messages from somewhere beyond. I'm hoping that as you read these poems, (more than once, aloud if possible) something like Wordsworth's 'intimations of immortality' will enliven your own perceptions of the world as you experience it. Maybe your own fleet of angels will show up!" --Luci Shaw, from the Introduction

Explores the relationship between people and angels, through the eyes of the early church. Heaven is closer than we realize. Its boundaries overlap our own, and angels move in and out of our porous present, this moment that seems to us so solid and concrete. If that reality seems dim to us now, it beamed for the early Christians. Through their writings, sermons, songs, and art, the ancient faithful confessed a powerful and vivid belief that angels help carry us on our journey to God. Rooted in the Scripture and following this ancient understanding, *Lifted by Angels* reveals: the role that angels play in the lives of people and in God's plan of salvation the different ranks and functions of angels how Satan and his demons fell from grace and plagued humans the functions of guardian angels and how God assigns them to fit our personal needs how guardian angels help us resist evil, temptation, and the devil the way angels join with us in our prayers, even adding their own to ours the service angels provide in worship Featuring examples of angels in ancient icons and frescoes and supported by extensive research on the early church and its pastors, poets, theologians, and artists, *Lifted by Angels*

answers universal curiosity about angels and the unseen world, leaving readers inspired and hopeful about the nearness of God. This primer on celestial beings provides a non-denominational overview of who angels are and what their role can be in people's lives. New York City is always in need of miracles . . . And this Christmas is no exception. Thank heavens the divinely inspired, if somewhat ditsy, angelic trio—Shirley, Goodness, and Mercy—is available to answer three heartfelt prayers this sacred holiday season . . . and to impart important lessons along the way. And Goodness knows (as do Mercy and Shirley) that the three lonely women to whom they've been assigned have a lot to learn: A dedicated inner-city school teacher, Brynn needs to teach her troubled students how to dream . . . Shy and dutiful Hannah must learn to follow her own heart . . . And frustrated small-town-girl-turned-Broadway-wannabe Jenny needs to discover that home is where love truly lies. It's time for the angels to shine . . . and to prove once again that when you wish upon a star, you get much more than just a pretty song! Haderlap is an accomplished poet, and that lyricism leaves clear traces on this ravishing debut, which won the prestigious Bachmann Prize in 2011. The descriptions are sensual, and the unusual similes and metaphors occasionally change perspective unexpectedly. *Angel of Oblivion* deals with harrowing subjects - murder, torture, persecution and discrimination of an ethnic minority - in intricate and lyrical prose. The novel tells the story of a family from the Slovenian minority in Austria. The first-person narrator starts off with her childhood memories of rural life, in a community anchored in the past. Yet behind this rural idyll, an unresolved conflict is smouldering. At first, the child wonders about the border to Yugoslavia, which runs not far away from her home. Then gradually the stories that the adults tell at every opportunity start to make sense. All the locals are scarred by the war. Her grandfather, we find out, was a partisan fighting the Nazis from forest hideouts. Her grandmother was arrested and survived

Ravensbrück. As the narrator grows older, she finds out more. Through conversations at family gatherings and long nights talking to her grandmother, she learns that her father was arrested by the Austrian police and tortured - at the age of ten - to extract information on the whereabouts of his father. Her grandmother lost her foster-daughter and many friends and relatives in Ravensbrück and only escaped the gas chamber by hiding inside the camp itself. The narrator begins to notice the frequent suicides and violent deaths in her home region, and she develops an eye for how the Slovenians are treated by the majority of German-speaking Austrians. As an adult, the narrator becomes politicised and openly criticises the way in which Austria deals with the war and its own Nazi past. In the closing section, she visits Ravensbrück and finds it strangely lifeless - realising that her personal memories of her grandmother are stronger. Illuminating an almost forgotten chapter of European history and the European present, the book deals with family dynamics scarred by war and torture - a dominant grandmother, a long-suffering mother, a violent father who loves his children but is impossible to live with. And interwoven with this is compelling reflection on storytelling: the narrator hoping to rid herself of the emotional burden of her past and to tell stories on behalf of those who cannot. Pretty soon she's addicted to his candy, and she moves in with him. As a favor, he asks her to hook up with a couple of friends of his, and then a couple more.
